Common Questions and Fast Facts

Application

➢ To apply for benefits students must complete the VA Form 22-8691 and may provide it to the Work-Study Site Supervisor of desired location to be submitted on their behalf.
  ○ This ensures that the site is correct and that the site has availability.

➢ New Applications may be submitted within 30 days before the student’s qualifying school term. *The student is not allowed to work before the VA Work-Study Department has approved their contract.

➢ Contract Extension requests must be made through Ask a Question on the GI Bill Website or by phone no more than 45 days before the student’s qualifying school term. *The student is not allowed to work before the VA Work-Study Department has approved their contract.

➢ Zero Hour Extension requests may be made through Ask a Question on the GI Bill Website or by phone within 15 business days before END DATE of current contract. *The student is not allowed to work before the VA Work-Study Department has approved their zero-hour request.

➢ Advance Pay requests are made by the student on VA Form 22-8691.

Time Cards

➢ Work-Study Site Supervisors are required to submit VA Approved Time Cards through Ask a Question on the GI Bill Website, https://gibill.custhelp.va.gov/app/utils/login_form on the student’s behalf.

➢ VA Work-Study will NOT accept altered timecards. If the timecard appears to be altered it will be returned to the Site Supervisor for corrections.

➢ Payments are usually received by the student within 3 – 5 business days for direct deposit once payment information has been sent to Treasury; 7 – 10 business days for mailed payments. (NOTE: Direct Deposit is now available for ALL benefits)

➢ Payment rates are based off the Federal minimum wage or the State minimum wage (whichever is greater). This information is based from information given by the Department of Labor https://www.dol.gov/whd/minwage/mw-consolidated.htm

➢ If a state receives a rate increase during the students awarded contract VA will automatically pay the higher rate after the effective date of that increase.

➢ The VA Work-Study Department will not process any hours recorded on the Timecard for dates after the date the timecard is submitted for payment.
Contracts

➢ Contract hours are based on qualifying enrollment dates and/or the date of claim (date submitted by Site Supervisor), at approximately 25 hours per week, prorated for partial weeks.

➢ Contract dates are determined by qualifying enrollment dates and the date of claim (date submitted by Site Supervisor).

➢ Work-Study contracts may be written for more than one qualifying term, up to one (1) year or a maximum of 1300 hours.

➢ Student’s approved start date is the date the Site Supervisor is notified or contract start date whichever is later.

Miscellaneous

➢ To Apply for Work-Site approval or to increase the man-hours approved at a Work-Site, please submit a new Work-Site Application/Position form for review and approval by a VA Work-Site Coordinator.

➢ Work-Study duties are determined by the approved position description and can vary from work-site to work-site.

➢ Designated Site Supervisors are responsible for ensuring Work-Study students are supervised at all times by a paid employee of the work-site.

➢ Students who reduce their enrollment below the required ¾ training time may be allowed to continue working to the end of the contract.

➢ Students who terminate or completely withdraw from their enrollment can only receive payment to the end of the month in which they withdrew. If the student fails to notify you (Site Supervisor) or the VA Work-Study Department and work beyond the end of month they withdraw, a debt will be created.

➢ Students who are unsuccessful in completing the required hours to satisfy an advanced payment may be assigned a debt for the balance.

➢ Educational institutions may subsidize the wages of students participating in the VA Work-Study Allowance Program. VA Work-Study Students may be paid separately by the school at a rate reflecting the difference between the amount payable by the VA and the amount which the school otherwise pays to non-VA Work-Study students performing similar services.

➢ Students wishing to change work-sites after their contracts are approved need to have the new site submit a new application on their behalf with the new site’s information.

➢ Students may contact our VA Education Call Center at 1-888-442-4551, to verify their enrollment has been received. They may also request a list of approved work-sites (in their area) for availability. Chapter 31 – Voc-Rehab students may contact their Voc-Rehab Counselor.
➢ We highly encourage that Site Supervisors submit applications or extension request no less than 15 business days before the date they wish the contract to begin.

➢ **Use of Motorized Vehicles:** Only VA facilities are approved to allow “driving” as an approved duty for work-study students. As such, activities performed under a work-study program can be any activity at a VA facility that is related to VA work. Such duties could include shuttling veterans to and from Doctor appointments. (Policy Advisory: August 3, 2017)
Work-Study Allowance Program

VA Work-Study Allowance Program Overview

The Work-Study Allowance Program offers an additional non-taxable allowance to students in return for performing VA-related activities. It serves as a supplemental VA education benefit and often provides the additional funding that allows a student to pursue and accomplish educational goals.

Work-Study students earn an hourly wage equal to the federal minimum wage, or the state minimum wage, whichever is greater.

The earnings the student receives under this program is not considered as income, and should not be mentioned as such. This is a form of supplement to the VA Education Benefits

Program Eligibility

To participate in the Work-Study Allowance Program, the student must be receiving benefits under one of the following education programs:

- Title 38, U.S.C., Chapter 30: The Montgomery GI Bill
- Title 38, U.S.C., Chapter 31: Vocational Rehabilitation
- Title 38, U.S.C., Chapter 32: The Post-Vietnam Era Veterans’ Educational Assistance Program
- Title 38, U.S.C., Chapter 33: The Post-9/11 GI Bill / Fry Scholarship
- Title 38, U.S.C., Chapter 35: Dependents’ Educational Assistance Program
- Title 10, U.S.C., Chapter 1606: The Montgomery GI Bill – Selected Reserve

Also, the student must be enrolled in and pursuing an approved college degree, vocational or professional program of education at a rate of 3/4 time or greater.

*NOTE*: Neither federal employees nor students receiving VA education benefits, while participating in an internship program at a VA Facility, are eligible to participate in the Work-Study Allowance Program simultaneously at a VA facility.
Work-Site Approval

Work-Study sites include, but are not limited to DOD Facilities, VA Regional Offices, VA Medical Centers, Educational Institutions, National Cemeteries, State Cemeteries, Domiciliary Care Facilities, other VA Facilities, non-VA Facilities, State Approving Agencies, and Vet Success Centers (as established under 20 U.S.C. 1161t).

Worksite Approval Requests

Potential Site Supervisors must complete both pages of the “Department of Veterans Affairs Work-Study work site application/position description” form found in this handbook, and submit the form to the VA Work-Study Department via Ask a Question on the GI Bill Website, https://gibill.custhelp.va.gov/app/utils/login_form. Once the position description is approved, the Site Supervisor is notified and students can begin requesting placement at that site. If the position description is disapproved, a denial letter will be sent to the site.

Allowable Work-Study Student Duties per Worksite Type

Work-Study students must only be assigned tasks that require 100% performance of VA-related activities. Under no circumstances should a site supervisor allow students to do homework or study during their assigned Work-Study time.

Work-Study students are assigned to a specific work site and cannot perform work at any other location. Assigning Work-Study students to other locations is cause for withdrawal of the work site.

VA Facilities: There is no limitation as to the VA-related duties for Work-Study students at any VA facility, including, but not limited to Department of Veterans Affairs Regional Offices, national cemeteries, VA medical centers, and VA clinics. The Work-Study student must be under the direct supervision of a VA employee and the activities must be directly related to VA.

Educational Institutions: Any veterans-related position in an institution of higher learning, including Vet Success Centers (as established under 20 U.S.C. 1161t). The position description must clearly specify the nature of acceptable veteran-related activities to be performed. Acceptable activities include, but are not limited to: assisting with dissemination of general information regarding veteran benefits and/or services, providing assistance to veteran students with general inquiries about veteran benefits via phone, email, or in person, maintaining and organizing veteran-related files. Mentoring and/or tutoring are NOT allowable duties at this type of worksite.

Department of Defense (DOD), Coast Guard or National Guard Facilities: Only those Work-Study students receiving educational assistance under Chapter’s 1606 and 1607 may participate in the Work-Study Allowance Program at these facilities. The student can perform activities relating to administering Chapter’s 1606 or 1607 education benefits. The Work-Study student must be supervised by a DoD, Coast Guard, or National Guard official. The position description form must be accompanied by a list including names and file numbers of all personnel currently receiving Chapter 1606 and/or Chapter 1607 education benefits.

Other Non-VA facilities: Other non-VA facilities can only use Work-Study students for disseminating information (outreach) on VA benefits and services, and providing assistance to
individuals in obtaining these benefits. Work-Study students may assist with general office duties that directly relate to or impact veteran students. Such duties should be necessary to ensure the success of veterans achieving educational and career goals.

Public Law (PL) 114-315 was signed by President Obama on December 16, 2016. This law reinstates three qualified work study activities that were previously only approved through June 30, 2013. **The following positions are now approved beginning June 30, 2017:**

- **National Cemetery or State Veteran’s Cemetery:** Work-study students may assist with the administration of national cemeteries or state veteran’s cemeteries.
- **Outreach Services Assisting SAA employees:** Work-study students may also assist State Approving Agency (SAA) employees in performing outreach.
- **Hospital and Domiciliary Care at State Home:** Work-study students may assist with the provision of hospital and domiciliary care and medical treatment to veterans in a state facility when VA pays an allowance to the state for the veteran’s care.

**Providing Transportation and the Use of Motorized Vehicles**

According to a Policy Advisory dated August 3, 2017, ONLY Work-Study students in a VA facility are approved to “drive” during the performance of Work-Study duties. VA facilities must be sure to incorporate this into their request for “approved duties” when completing or updating their site approval requests.

*** IMPORTANT ***

THE STUDENT CAN ONLY BEGIN WORKING AFTER THE VA HAS APPROVED THE CONTRACT AND NOTIFIED THE SITE SUPERVISOR.

**HOURS WORKED PRIOR TO THE APPROVAL DATE CANNOT BE PAID.**

ONCE APPROVED, STUDENTS MUST WORK WITHIN THE APPROVED DATES AND HOURS ALLOTTED ON THE CONTRACT AND TIMECARDS.
Applying for the Work-Study Allowance Program

1. Student should contact an approved worksite and determine if an available Work-Study opportunity exists.

2. The Work-Study Site Supervisor at the worksite must be willing to hire and supervise the student.

3. Student will complete VA Form 22-8691, Application for Work-Study Allowance, if the work Site Supervisor agrees to hire the student. The application is included in this handbook. Be sure to include the work site name and address, along with the name of the Site Supervisor, in field 11 “Work Site Preference”. It is preferred that you use the worksite name we have given you for clarification. This worksite name is located on any time record you have already received (field 6A).

4. The Site Supervisor may send the completed student application to the VA Work-Study Department via Ask a Question on the GI Bill Website. This site allows you to submit documents and ask questions in a more secure environment that better tracks your document/inquiry submissions.

To get started submitting documents through the GI Bill Ask a Question site, you will need to create an account by selecting the following link: https://gibill.custhelp.va.gov/app/utils/login_form

In the “Category” drop down menu, select “Work Study” along with the appropriate type of submission (Ex. Application, Inquiries, Position Description, Time Cards, or Signed Contracts).

Please only send one Incident per claimant; we cannot receive multiple claimant’s information in the same Incident due to privacy issues.

We assure you that our processes and those who you currently communicate with will not change by converting from email to this online system. This is simply a more secure and more effective communication tool for you and your students.

Students that need assistance locating an approved worksite may call the VA Education hotline at 1-888-442-4551 to have notification placed in students file requesting Active Site List for their location Monday through Friday from 7:00 A.M. to 6:00 P.M. CST.

**Advance Payments**

Work-Study students may elect to be paid in advance for 50 hours in their Work-Study agreement. This advance payment will not be processed until the VA Work-Study Department has received the signed contract. The advance payment is recouped from the first regular Work-Study payment. Work-study students must fulfill their 50 hours advance payment requirement within 60 days of starting their contract.

If the Work-Study student requests advance payment and is presently working under an existing contract, the current contract must be closed and a new contract opened. The final time record for the current contract should be accompanied by a new application for the new contract. Advance pay cannot be issued on an extended contract. A new contract is required.

**Application Processing**

Once VA receives the student’s Work-Study application, the form is reviewed for accuracy. If all documentation is complete and eligibility is confirmed, the Work-Study application is processed.

Upon approval of the Work-Study application, VA will initiate a Work-Study contract. The VA Work-Study Coordinator will then send the Work-Study Site Supervisor the contract packet which will include the student Work-Study agreement VA Form 22-8692, a time card, VA Form 22-8690, and a Work-Site notification letter.

The student agreement form VA 22-8692 will be signed by the VA Education Officer and will clearly state the maximum number of hours the student may work and the timeframe in which the hours must be worked.

**PLEASE DO NOT ALLOW STUDENTS TO WORK BEFORE YOU RECEIVE THE STUDENTS CONTRACT PACKET!**
For example: “I, WORK-STUDY STUDENT, agree to perform 382 hours of service for the Department of Veterans Affairs (VA) during the period starting on or about 01/29/2019 and ending no later than 05/15/2019.

Once the contract packet has been received from the VA Work-Study Department, the Site Supervisor should then obtain the students signature on the agreement form and submit it back to the VA Work-Study Department via Ask a Question on the GI BILL Website.

If the application is denied, a letter explaining details of the denial will be sent to the student. A courtesy email may be sent to the Site Supervisor.

If we deny an application, a new request is required. We do not monitor denied applications.

**Approvable Contract Hours**

Approved contract hours are based on the student’s qualifying enrollment of approximately 25 hours per week, prorated for partial weeks, with consideration given as to when the application was received. Generally, the student will work during their dates of enrollment; however, in some cases, it may be possible for the student to work up to 30 days before the actual start of classes as long as the VA Work-Study Department has received and approved the student Work-Study’s Application VA Form 22-8691.

A student is **not limited to** working 8 hours per day or 40 hours per week, but is limited by their school schedule, the hours of operation at their work site, and the number of hours approved on their Work-Study contract. We strongly caution students to budget these hours wisely.

If the student is enrolled in a program of education that spans an entire calendar year, the maximum number of hours of Work-Study service is limited to 1,300 hours in any 12-month period.

**Contract Extension**

The Contract Extension is an extension of the current contract to allot a new set of hours and timeframe to be worked. The contract extension may begin from the time the previous contract ends or 30 before the next term starts depending on the student’s enrollment being available to the VA Work-Study Department at the time the request is received. Once a Contract Extension is received and processed, all remaining hours from previous contracts not worked by the end date of said contract are forfeited and will not be paid out to the student. A contract extension request should be submitted no less than 15 business days before the end of current contract to be processed in a timely manner.

If approved and once processed, the VA Work-Study Coordinator will send the Work-Study Site Supervisor a new contract packet which will include the student work-study agreement VA Form 22-8692, time record VA Form 22-8690, and a work-site notification letter.

The student agreement VA Form 22-8692 will be signed by the VA Education Officer and will clearly state the maximum number of hours the student may work and the timeframe in which the hours must be worked.
For example: “I, WORK-STUDY STUDENT, agree to perform 382 hours of service for the Department of Veterans Affairs (VA) during the period starting on or about 01/29/2019 and ending no later than 05/15/2019.

Once the contract packet has been received from the VA Work-Study Department, the Site Supervisor should then obtain the students signature on the VA Form 22-8692 and submit it back to the VA Work-Study Department via Ask a Question on the GI BILL Website, https://gibill.custhelp.va.gov/app/utils/login_form.

*** IMPORTANT ***
THE STUDENT CAN ONLY BEGIN WORKING AFTER THE VA HAS APPROVED THE CONTRACT AND NOTIFIED THE SITE SUPervisor.

HOURS WORKED PRIOR TO THE APPROVAL DATE CANNOT BE PAID.

ONCE APPROVED, STUDENTS MUST WORK WITHIN THE APPROVED DATES AND HOURS ALLOTTED ON THE CONTRACT AND TIMECARDS.

Zero Hour Extension

Zero Hour Extension is an extension used at the end of a contract. This extension is to provide the student with additional time to work any remaining hours from the previous contract. It does not exceed 30 days from end date of previous contract, and the student is not to exceed the total allotted hours of previous contract.

If approved and once processed, the VA Work-Study Coordinator will send the Work-Study Site Supervisor a new time record. The student will be required to continue keeping cumulative hours from previous time record.

Work-Study Payments

After the Site Supervisor has obtained and submitted the students signed VA Form 22-8692, the Site Supervisor will then be able to submit the student’s time record via the Ask a Question site. Site Supervisors should report hours worked either; 1) when the student completes 50 hours of service, or 2) every two weeks, whichever comes first. Time records may also be sent in on a monthly basis if the student wishes to receive payment monthly vs. biweekly.

Once the time record is received, it is reviewed for legible entries, cumulative hours, student and Site Supervisor initials, Site Supervisor signature, approved dates/hours that are being reported, and the calculation of cumulative hours. If errors are found, the time record will be returned to the Site Supervisor for correction. VA cannot make time record corrections.
Any corrections made on the time record must have a line crossing out the mistake and the correction done on the next available line.
Please note: amended or created time records will not be accepted. All hours are to be reported on the original time record created by Work-Study. Additional copies of time records can be requested if needed. Be sure to submit all copies of time record pertinent for the pay period in question.

VA enters the hours worked and amount to be paid into the payment system and VA Finance electronically transmits the data to the Department of the Treasury. The students payment will be sent to the same account as their other VA education benefits. If the student does not have direct deposit established, a paper check will be issued. It is critical a student’s address be kept current. Any address changes must be reported to VA as soon as possible.

All Work-Study documents, including applications and time records, are processed in order of receipt. VA strives to process all claims as quickly as possible. Actual processing timeframes will vary depending upon current workload.

Government vs State Wages

According to the United States Department of Labor Website, located online at https://www.dol.gov/whd/minwage/mw-consolidated.htm

“Federal minimum wage law supersedes state minimum wage laws where the federal minimum wage is greater than the state minimum wage. In those states where the state minimum wage is greater than the federal minimum wage, the state minimum wage prevails.”

VA Work-Study payment rates are based on the Federal minimum wage or the State minimum wage (whichever is greater) of work-site location. This information is based on information provided by the Department of Labor. At the first of every month the VA Work-Study Department reviews this website and make any updates to our system as needed.

Once a new rate has taken effect, according to the Department of Labor, any hours worked on or after the effective date will be paid at the higher rate, even though the contract was written for a lower rate.

Work-Study Program for VA Education Debts

The Work-Study Allowance Program may also be used to repay an education debt to the government. This option, is administered similarly to that of a student with no debt. With some limitations per VA Work-Study Policy Pt.1 Ch 9 Appendix A:

- The Claimant cannot receive advance payment
- The contract can only be written for the length of time it will take to pay back the VA debt or 52 weeks, if debt is not paid off with in the 52 weeks a new contract may be written
- When the VA processes the students time card all amounts are applied to the claimant’s education debt
- The claimant cannot request additional hours as the original contract must be written for sufficient hours to recoup the education debt or maximum of 52 weeks.
- Claimants under this program do not have to be attending school.
If you have any questions, please contact the VA Work-Study Department.

**Site Supervisor Responsibilities**

- Read and understand the Work-Study Allowance Program Supervisor Handbook
- Provide direct supervision to VA Work-Study students
- Ensure the Work-Study student is trained to perform the duties as stated in the approved Position description
- Ensure the Work-Study student does not begin working prior to the assigned start date as shown in the first paragraph of the contract and/or item 4A of the time record or before the contract is approved by the Work-Study Department, whichever is later.
- Maintain the Work-Study student’s time record
- Initial the time record as new entries are recorded, confirming cumulative total hours worked in 15-minute increments (i.e. .25 for 15 minutes; .50 for 30 minutes and .75 for 45 minutes)
- Ensure the Work-Study student does not work more than the maximum number of hours allowed on the contract as shown in the first paragraph of the contract and/or item 5 of the time record
- Ensure the Work-Study student does not work past the end date of the contract as shown in the first paragraph of the contract and/or item 4B of the time record
- Ensure all correspondence is printed in dark ink and legible
- Submit time records through the Ask a Question on the GI Bill Website: [https://gibill.custhelp.va.gov/app/utils/login_form](https://gibill.custhelp.va.gov/app/utils/login_form)

  *If the time record will be the last submission for the Work-Study student because the maximum number of hours has been worked, they worked on the last day of the contract, or student will not be returning for any other reason, write, “FINAL” on the time record*

- **Maintain Work-Study files for 3 years following the last date worked**
- Report Work-Study student’s address change to VA immediately
- Ensure their Work-Study Position Description is kept current and is renewed each year on the appropriate form.

Site Supervisors may wish to consider developing their own written “agreement” to be reviewed with and signed by the Work-Study student. This agreement could outline your site’s expectations of the Work-Study student. Examples of site agreements are included in this handbook.
Student Responsibilities

- Make sure the school has submitted the enrollment certification to the VA for the period they are requesting the Work-Study program.
- Make sure they submit the Work-Study application (VA Form 22-8691 – Application For Work-Study Allowance) up to 30 days prior to the start of their next term. They should not wait until the day they want to start to submit their application. It can take 7 to 14 business days to process an application.
- Make sure they are attending at least ¾ training time or more for the period they are requesting the Work-Study program.
- Make sure the approved work site on their application in field 11 “Work Site Preference” is complete.
- Keep in contact with their work site so that they can sign their contract as soon as it is received by the work site.
- If they are requesting Advance Pay and have participated in Work-Study previously, they need to make sure their supervisor submits the final time record for the previous contract before submitting their new application.
- Know their contract and the dates approved and the hours approved, and never work outside of these parameters.

Injuries on the Job

Work-Study students performing duties at their assigned work site will be considered a VA employee for the purpose of receiving benefits under the provisions of (Compensation for Work Injuries) Chapter 81 of title 5, U.S.C. As such, they are entitled to compensation benefits due to personal injury sustained while in the performance of duty or compensation for employment-related disease. A Work-Study student wishing to file a claim for Workers’ Compensation must complete a Form CA 1, Federal Employee’s Notice of Traumatic Injury and Claim for Continuation of Pay/Compensation. This form must be completed and returned to the VA within 30 days of the incident. If the Work-Study student is incapacitated, this action may be taken by someone acting on his/her behalf.

Please contact a VA Work-Study representative as soon as you are aware of the incident.

Need Help?

The Work-Study Department is available from 8:00 A.M. to 5:00 P.M. CST, Monday through Friday, excluding federal holidays.

Site Supervisors may utilize the Ask a Question on the GI Bill Website, https://gibill.custhelp.va.gov/app/utils/login_form to inquire about the processing status of Work-Study claims after a reasonable amount of time. Site Supervisors may also telephone the Work-Study team at 1-855-225-1159, option #2. This number is for Site Supervisors only and should not be used or given out to Work-Study students.

Work-Study students inquiring about their payments should call VA’s toll-free education hotline, 1-888-442-4551, or submit a written inquiry through the Ask a Question on the GI Bill Website, https://gibill.custhelp.va.gov/app/utils/login_form. REMINDER – Work-Study students are forbidden from operating a vehicle during the performance of their duties except those for VA Facilities.

Work-study students are deemed to be employees for the purpose of benefits authorized by title 5, U.S.C., chapter 81 (Compensation for Work Injuries) and the health services provided employees. Work-Study students, however, are not considered employees of the United States for the purpose of laws administered by the U.S. Office of Personnel Management.

As an operating policy, use work-study students to supplement the regular work force. Do not replace employees on a continuing basis. Work-study students will not, under any circumstances, displace regular employees.

A non-VA facility can only use work-study students for disseminating information on VA Benefits and services and providing assistance to individuals in obtaining these benefits. The non-VA facility cannot use the work-study students to do paperwork.
